

# **“Growing Liberia’s people - as well as oil palm”**

**Are you a Liberian citizen – a graduate agriculturalist, mechanical, electrical, chemical engineer or a professionally qualified administrator with some work experience?**

Are you justly proud of your career achievements to date? Would you like to live in Liberia within a residential community where your children will be able to walk safely to school and, in the evenings, you could socialize without security fears?

The Internet enables us to open a register of Liberia’s **‘brightest and best’** as potential candidates for future senior appointments with our Company, to be located at operational plantations at Palm Bay, Grand Bassa Co. and Butaw, Sainoe Co. Respond by sending to us your CV and a covering letter that summarize your education, employment to date and your onward career ambitions:

**Preferably by email**     [HRresources@epoil.co.uk](mailto:HRresources@epoil.co.uk)

or post to

The Human Resources Manager  
Equatorial Palm Oil (Liberia)  
P.O. Box 1432  
1000 Monrovia, Liberia

Be assured that we shall respond to every internet registration that meets our expectations. Postal submissions will only be acknowledged if the applicant satisfies our requirements. Present and past employers and personal referees will NOT be approached at this stage and not until we have requested and received an applicant's permission.
